

SPICE + LEAF

January 10, 2020

Dear Joanna,

I wanted to take this opportunity to sincerely thank you for all of your hard work in acquiring my US trademark. I know you spent a significant number of hours on my file and you were completely dedicated to seeing the SPICE + LEAF trademark through despite the many obstacles that were presented before us. I am so grateful and appreciative of your complete dedication through every step of the process to ensure the job got done! You were always fair and straightforward about the process and your fees were more than reasonable given the amount of work that was required for this particular trademark.

Please feel free to use any aspect of my words above for your website and I would be more than happy to speak with any potential clients that may come your way to reassure them how absolutely fantastic you and your team are to work with!

I am so sorry it took me so long to get this to you but please know, how deeply grateful I am to have worked with you through the Trademark process and look forward to future opportunities to collaborate together again. In appreciation of your work, a tree has been planted in Israel in your honor. You should be receiving a certificate in the coming weeks.

Sincerely,

Debbie Kornberg
